

Insurance Times: John Hancock reprices level premium term life portfolio
October 29, 2002, Vol. XXI No. 22

BOSTON— John Hancock Life Insurance Co. has repriced and enhanced its portfolio of level premium term life products.

The new Signature Level Premium Term Series offers competitive rates regardless of the insured's underwriting class or the guarantee period selected (10-, 15-, 20-, 25- or 30- year level premiums). The products also now can be issued to a wider range of age groups than previously. The ages at which individuals can obtain coverage varies with the duration of the policy purchased.

Optional riders include one that allows clients to convert to a permanent policy during a period of disability.
