AUGUSTA — This year's unclaimed property list put out by the state is the largest ever. State Treasurer Dale McCormick said the list contains 32,000 new names of owners reported to her office since last March, four times as many as last year. The list is so large that it will be printed in two sections, she said. The first section contains 19,000 names of policy owners who are entitled to demutualization proceeds from MetLife and Prudential Life Insurance. On the Web: www.maine.gov/treasurer □
